Dear Sir/Madam

**RE: Application for Industrial Attachment**

I am submitting this letter to express my interest in the industrial attachment opportunity you have available in your Electrical Engineering Department. I am grateful for having learned about this opportunity and am very excited about pursuing this opportunity. I believe I would be challenged in this role, but also be able to make a contribution.

I am currently a 4<sup>th</sup> year Engineering student at Moi University majoring in Electrical and Telecommunications Engineering. In addition to my academic work, I have experience working as student attaché at South Nyanza Sugar Company Limited for 3 months working in their Electrical department from July to September 2021. I also have training and experience working with the Microsoft Office Suite and Web Development.

I think I would be a perfect fit, and will be happy to answer any questions you might have. Thank you again for your consideration.

Your Sincerely,

Kevin Ogum
